As a parent or guardian, you can now be kept in the loop with school safety news. CrisisGo's app allows you to connect with safety message groups from our school district to receive updates if an emergency occurs.

Additionally, whenever a staff member needs help, they now hit CrisisGo's mobile Panic button, and our safety team will be instantly notified of their distress call, as well as their location.

We are looking forward to working with CrisisGo to keep you informed and your students safe.

Follow the directions to the left to download the app!
