# LTMS Weekly Update

Dear Lancer Families,

We hope everyone continued to have a smooth second week of planned instruction with your student(s). We are learning how to improve our practice every day and appreciate your feedback on how we can best support our families at home. Thank you all for your dedication to keeping our Lancers healthy and academically engaged during this time.

Please note our teachers are currently presenting new instruction based on standards to make students successful at the next grade level. Instruction will continue to be aligned horizontally and vertically across the district in an effort to promote equity and consistency. In addition, all students will be beginning their final (seven week) Mini Course #5 this week. As in past weeks, we have updated this document as a resource to follow for your student(s) learning.

Some have inquired about picking up personal belongings left in the building since Governor Wolf's announcement on April 9 that all schools would remain closed for the remainder of the 2019-20 academic year. However, we must still adhere to the stay-at-home guidelines until at least April 30, 2020. When mitigation strategies are released we will communicate with families.

As always, please continue to reach out to our [Technology Helpdesk](#), teachers, staff and office team with any questions or needs you may have right now. We want to wish our entire school community a wonderful weekend! Again, thank you to all of our stakeholders for the positivity and perseverance during this time.

Remember... be respectful, be responsible, be kind and be courageous... in everything you do and say... be a LANCER!

Moving forward together,

Mrs. Sekel, Principal
