- I. Welcome to DSC: Mr. Egly welcomed everyone in attendance to the meeting.
- II. Minutes – January 18, 2022
 Motion: Matt Little Second: Mike Knight
 Yes: All present in favor
 No: None
 Absent: Brian Bubb, Andrew Baker, and Jess McCoy
 Result: Minutes approved
- III. Occupational Injuries:
 There were a number of injuries reported. Most of them related to the food service department. One was that hot water was splashed on floor and a person slipped on the water. The other was due to a mat that was placed to help but then caused a fall. Follow-ups were done on both incidents and everything worked out.
- IV. Workplace Safety Training-February 23, 2022: Certificates were sent to Dan for each member who completed this training. Those Committee members that were non-voting members can now vote within the committee.
- V. Building Project – May 16th
 The building project will be starting on May 16, 2022 at our Schick Elementary building. The standardized testing will be complete by this date so there should be no interruption to the testing. There will be a meeting held on April 5, 2022 concerning this project and those involved. During the construction a 6 ft chain link fence will be put up around the lower lot and fences will be placed around certain areas of the job site. The playgrounds at Schick will still be available during the construction.

VI. Updates:

School Operations Update: Let Brian know if you see any issues around the campus.

School Police Update: Mike Knight advised the Committee that the middle school parking lot has now been taken care of with the use of barricades. He also advised us that two more students were charged (one for a bathroom incident and the other incident happened within the classroom).

VII. Good of the Order: Dan thanked the Committee for being flexible with the meeting dates. If there is anything you can think of, let Dan Egly know.

VIII. Next Meeting: April 12, 2022 @ 3:15pm (via) Zoom

IX. Adjournment @ 3:26 pm.
