MU:Cr1 (Advanced) #1 Generate and conceptualize artistic ideas and work
MU:Cr2 (Advanced) #2 Organize and develop artistic ideas and work
MU:Cr3 (Advanced) #3 Refine and complete artistic work

Topic: Transforming the Blues Project

Minutes for Topic: 80

Core Lesson Description:

What happens when you take the traditional 12-bar blues chord progression and re-imagine it as a tango? Or a heavy metal song? Or a funk groove? Students can explore a range of musical styles by experimenting with the autoplay function in GarageBand's Smart Instruments and record their own unique version of the blues.

Core Lesson Student Learning Objectives:

Students will:

- Listen to examples of songs that use the blues progression in a non-blues style
- Explore accompaniment patterns in GarageBand in a range of styles and instruments
- Record a 12-bar blues progression in a style of their choosing
- Improvise a solo over the top of their backing

Core Lesson

Materials:

- Teacher laptop/desktop computer, data projector and speakers
- Teacher iPad
- Student iPads
- GarageBand app
